

TIMELESS PHILOSOPHY

tempio-me.com

ITALIAN LUXURY LIVING. THE CULT OF BEAUTY.

Like an ancient temple, this is a place of worship. Here we adore beauty, comfort, sumptuousness and competent manufacturing, and we make it your home. Our **Tempio** (temple), meaning temple, has a soul, and it is Italian through and through. It speaks of good taste, refinement, creativity, and the wisdom of industrious hands that over the centuries have known how to create world-renowned objects of art and expressions of architecture that stand the test of time, season and fashion.

Today these same skills nourish the work and research of professionals, businesses and artisans at the forefront who launch trends and define the global state-of-the-art in **furniture, interior design and living design**. In this way solutions take shape that marry maximum practical functionality with beauty, attention to detail, finished and accurate manufacturing, and the finest materials. This is the essence of the most exclusive and prestigious products that are **'Made in Italy'**.

This is the heritage that Tempio now offers, in its luxurious and varied entirety, to the discerning clients of the **Middle East and Gulf countries**. A series of carefully selected Italian partners able to work in a team or individually, on large projects such as limited interventions, to ensure the ultimate in terms of design, consulting, construction – also custom-made – and finishing for **the interior and exterior furnishing of hotels, resorts, luxurious villas and homes, gardens, showrooms, shopping centres, spas, wellness centres and parks**.

Immerse yourself with the most exquisite, authentically Italian-made turnkey projects. Enter the Tempio.

Tempio selects businesses, designers, artisans and artists in Italy that stand out in terms of their research, creation and implementation of furnishing solutions and objects of art and design of the highest quality.

Tempio provides advice to Italian companies, preparing them to deal successfully with the markets of the Middle East.

Tempio offers services and products selected, in the name and on behalf of the respective companies, for private individuals, organizations and public authorities in GCC countries and the MENA area. Tempio involves businesses represented as single suppliers or in groups, depending on the requirements, in the fields of interior design, outdoor living, luxury leather, raw material design and lifestyle.

TEMPIO'S PARTNERS. TALENTED AND TREASURED ITALIAN HANDS AND IDEAS.

Tempio acts as a consultant to individual and corporate clients, supporting them right from the planning stage in all evaluations and choices related to interior design, furnishings, and garden architecture.

Tempio acts as a general contractor, taking on the task of work coordinator for the organizations or people represented, in the role of the client's sole interlocutor, guaranteeing final delivery of the completed work.

Tempio facilitates the work of the Italian partners on site, providing a broad range of consulting services or targeted interventions in terms of logistics, marketing, sales and personnel recruitment, for example.
